

Craig & Melanee,

Following is a list of the documents included in this package. I have placed a post-it note with the corresponding number on each document in the box and they are in the order below. Please note that items #4, #21 and #28 are not yet included in the package. We will send them as soon as possible. You do not need to make copies of #2-#10, nor of #13, #28, or #31. Please return the originals of the other documents as soon as possible.

Renee

Additional References needed for Region 4

	Watershed Management Initiative Chapter (2000) I've enclosed a copy
	SWRCB Beach Closure Database (2000) This is in electronic form on the CD
	Calleguas Creek Chloride TMDL 2001 I've enclosed a copy
	CWWRF NPDES Report The NPDES reports are actually the electronic data used in the assessment, which is on the CD
	Flood Control District, September 7, 2001 This was personal communication; there is no other documentation
Calleguas Creek R10, Nitrite as Nitrogen	Calleguas Creek Ambient Water Quality Monitoring) This is included electronically in the data files on the CD
	Hill Canyon WWRP NPDES Report) This is included electronically in the data files on the CD
	Camarillo WWRP NPDES Report The NPDES reports are actually the electronic data used in the assessment, which is on the CD
	Ventura County Environmental Health Division This is the electronic data used to assess the Ventura Co. beaches for bacterial water quality impairment
McGrath Lake Estuary for PCB, Dieldrin etc.	McGrath Lake Characterization Study conducted by California-DFG for LA Regional Board (1998) I am enclosing a copy of this report, though the date should be 1999
Conejo Crk, Water Column Toxicity	Camarillo POTW receiving water data (site W15 and W16) This is included electronically in the data files on the CD
	East Fork San Gabriel River Trash TMDL I've enclosed a copy; however, remember that we are NOT delisting this – you may have an old fact sheet that you should not have.
	Los Angeles County 1994-2000, Integrated Receiving Water Impact Report July 2000 The relevant excerpt of this report was included in the box of material I sent to you (#30)
	A Compilation of WQ Goals, August 2000 I've enclosed a copy
	United Water Conservation District (WQ Data) This is included electronically in the data files on the CD
	State Board Toxicity Study in 1998-1998 (to be published as "Cause of Ambient Toxicity in Calleguas Creek Watershed in Southern California" by Anderson S., et al. In scientific journal) and Calleguas Characterization Study conducted by the dischargers of the area (report date Sept 2000) It this CC Study the one done by Larry Walker and Associates 2000? The CC study by LWA was included in the box of materials I sent (#22). The State Board toxicity data was omitted from the CD, I will send it by e-mail. You should NOT cite the report, only the data. The revised fact sheets I sent deleted the reference to the report and only cite the data from the study.
Malibu Creek Watershed	CSBP-DFG (Harrington 1996) Tracy dealt with all the remaining references; those she said she would provide are included in this package
Sedimentation	US EPA RBP (Barbour et al. 1996)
	EPA as California Standard Bioassessment Procedure (Davis et al. 1996)
	Newcomb and MacDonald 1991 Waters 1995
